

About Us

We started our Martial Arts program in November 2005. At first we offered informal Self Defense classes. In 2008 we began implementing structured curriculum, formal testing protocol and competition participation. Our students participate at regional, national and international competitions.

In January 2012 we were officially recognized by Chunjido International as a certified Martial Arts training center. Our instructors and assistant instructors are certified and well trained with many years of experience in the Martial Arts.

We teach the hybrid martial arts system "Tekio Jutsu", which utilizes Karate Techniques, Forms(Kata) as well as Distance Control and Balance Exercises from the deep roots of fighting. Our Self Defense Drills are based on Traditional and Modern Jiu Jitsu.

Sensei Mario Schapp has worked extensively over the last several years to develop "Tekio Jutsu" an amazing system of teaching individuals with disabilities or challenges. This program has recognized wonderful results in teaching martial arts to the Blind Community and others that may have obstacles and challenges on their journey to Black Belt! Sensei Schapp's comprehensive program is achieving major milestones and accomplishing goals for the Blind Community that are unprecedented in the martial arts industry.
